

Experience a 100% Satisfaction Guarantee with the Flexential Recovery Cloud

Risk-Free DRaaS

Confidently invest in DRaaS knowing that you can cancel within 120 days penalty free and receive your money back

A flexible and reliable cloud-based disaster recovery solution

When a disaster strikes, every second of downtime matters. With the Flexential Recovery Cloud, you'll benefit from a flexible and dynamic disaster recovery-as-a-service (DRaaS) solution to protect your IT infrastructure against disruptions, minimize data loss and help you maintain a resilient business.

Protect your business-critical data, applications and systems across on-premise and cloud environments with fully managed or self-managed disaster recovery services. Powered by Zerto's IT Resiliency Platform, Flexential DRaaS is designed to support the complexities of your IT environment, including low recovery time objectives (RTOs) and recovery point objectives (RPOs) requirements that align with your business resiliency strategy.

Protect your IT environment and keep your business always on with Flexential Recovery Cloud.

Features

A highly certified team of experts will consult with you to design and implement the right DRaaS solution to keep your unique IT environment always on and compliant with regulatory requirements. You can take advantage of:

- Fully managed or self-managed DRaaS services
- A secure and compliant-by-design recovery cloud environment
- Support for low latency applications with strategically located Recovery Cloud sites
- Support for hybrid IT environments

Benefits

With Flexential Recovery Cloud, you'll experience a flexible and reliable cloud-based DR solution designed for fast recovery of your business-critical environment.

1. Minimize data loss with low RPOs and RTOs.

Near-Real time replication of data, applications and systems to a secure cloud environment

2. Take full advantage of your DR environment.

A secure offline environment to test upgrades and DevOps

3. Save money with a cost-effective DR strategy.

No upfront capital investments or in-house infrastructure and reduced internal DR staff requirements

100% satisfaction guaranteed or your money back

The Flexential Recovery Cloud enables your IT environment to be always on and compliant with regulatory requirements, and to prove it, Flexential is offering a money back guarantee for up to 120 days after the DRaaS is fully implemented and tested if you are not fully satisfied.

With the Risk-Free DRaaS promotion, you'll receive:

- Full support of your DRaaS environment
- Full implementation and complete failover testing
- Full connectivity build-out for testing and DR failover

Requirements

- Businesses need to subscribe to Recovery Cloud Essential or Recovery Cloud Prime packages (restrictions apply to Recovery Cloud Premium).
- To be eligible, businesses must have a minimum of 20 servers for Recovery Cloud subscription.
- To receive a refund, a disaster may not be declared within the first 120 days after service activation.
- Refunds are not offered on any add-on DR services provided by the Flexential Professional Services team or assisted tests.

**Beyond
Four Walls**

Flexential's consultative approach to solving the toughest IT challenges goes beyond the four walls of our highly connected, national data center platform.
